Starting from the version 5.2 server administrators can get access to the ONLYOFFICE Document server info page containing the following information:

- product name;
- release date;
- exact version;
- license validation date (updates);
- the maximum number of simultaneous connections according to the current license;
- the statistics about the maximum and the average number of connections for the last hour, twenty-four hours, week or month.

ACCESS

1.The info page is available for server administrators only, via the browser on the machine, where the Document Server is installed. All other users cannot access the page (403 Forbidden.)

2.Windows version: the info page is available via browser under the link `http://127.0.0.1/info`

3.Docker version: the /info page cannot be accessed outside the Docker contaner.

The simplest way to access it is using wget, for example:

```
wget "http://127.0.0.1/info/info.json"
```

or
```
wget "http://localhost/info/info.json"
```

4. DEB or RPM packages: the statistics can be accessed via bworser using one of the pages from the point 3.

```
http://127.0.0.1/info
```

```
http://localhost/info
```

STATISTICS

The number of connections is renewed every 2 minutes, the first column (Last Hour) contains the most actual information. When 70% of the maximum number of connections is exceeded , this figure is colored yellow.

Document Server information

Build

Type:	Integration
Date:	04.10.2018
Version:	5.2.2.3

License

Updates available:	until 02.01.2019
Concurrent connections limit:	500

Number Concurrent Connections

	Last Hour	Last 24 Hours	Last Week	Last Month
Maximum:	90	120	50	200
Minimum:	2	10	45	0
Average:	44	60	20	110

When the maximum number of connections is reached, this figure is colored red.

ONLYOFFICE

Document Server information

Build

Type:	Integration
Date:	04.10.2018
Version:	5.2.2.3

License

Updates available:	until 02.01.2019
Concurrent connections limit:	5

Number Concurrent Connections

	Last Hour	Last 24 Hours	Last Week	Last Month
Maximum:	0	0	5	5
Minimum:	0	0	0	0
Average:	0	0	0	0

When the license validation date has expired , the field `Updates available` turns red, since that moment the Document Server updates are not available.
